

Community Manager

Company: Urban Games GmbH
www.urbangames.com
Start date: as per agreement
Employment: 100% or as per agreement

Urban Games is an independent PC video game developer based in Schaffhausen, located centrally and just 36 minutes from Zurich. Urban Games' third title, Transport Fever 2, was successfully released in late 2019 and enables the company to continue growing. Urban Games offers the opportunity to work on unique games in a creative work environment and career opportunities with competitive salaries.

A community manager plans and executes community and social media communication strategies and gathers feedback to share it with the team to enable community-driven game development.

Responsibilities:

- Provide technical and community support through various channels
- Communicate with the community on online forums, social media and events
- Gather community feedback from various channels and share it with the team
- Perform live streams and give interviews to demonstrate and promote our games
- Attend press events, trade fairs and community events to meet press and fans
- Plan and execute community and social media communication strategies

Requirements:

- 3+ years of experience with community management
- Experience with social media channels, online forums, video and streaming platforms
- Experience with giving livestreams and interviews
- Ability to work well under pressure and handle multiple tasks
- Strong written and spoken communication and social skills
- Strong German and English communication skills

Preferences:

- Professional experience in the video game industry
- Strong interest in video games
- Experience in marketing, product management, programming or content creation
- Fluent in German and English
